

What is Propel?

Propel is a Transitional Ownership program. It pairs a Prepaid Energy Services Agreement (ESA) with a loan* to provide comprehensive system protection upfront, followed by full system ownership.

- **Funded by a Loan*:** You pay a predictable monthly payment that covers the system, the services agreement, and the Early Buyout Option (EBO). There are no prepayment penalties, and the loan can be transferred¹ if you sell your home.
- **Automatic Ownership:** You take full ownership after Year 5 with the EBO.

Propel Timeline

Your Protection & Guarantees

Feature	Duration	Benefit
Performance Guarantee ²	5 Years	If the system underproduces, we fix it.
Operations & Maintenance Coverage	5 Years	Includes upkeep, monitoring, and necessary repairs.
