

Enphase Enlighten Subcontractor Site Access

For installers looking to grant a preferred subcontractor access to an Enphase Enlighten site for the purpose of performing subcontracted work in alignment with the MISA and MISA ESA Addendum, please follow the steps below:

1. Log into Enlighten under an **admin-level account**.
2. From the homepage, hover over **Account** → select **Authorized Subcontractor**.
3. In the upper right, click **Add Authorized Subcontractor**.
4. Search for the subcontractor, then select **Add Subcontractor** when they populate.
5. Toggle the **Status** field to **Enable: On**.
6. Navigate to the applicable site → go to the **Activation** tab.
7. Under **Details: 1. System Information**, select **Add Authorized Subcontractor**.
8. Select the desired subcontractor from the dropdown.
9. Save your changes.

Note: The subcontractor must have an active Enphase Enlighten installer account.
